Accident insurance information

In the event of injury, no accident or medical insurance cover is provided by the NSW Government Treasury Managed Fund for students participating in school sporting activities, physical education lessons or any other school endorsed activity, unless there is a breach of duty of care by department or school staff. The NSW Department of Education is insured to meet the financial impact of any legal liabilities arising from its activities. It does not provide, nor has it ever provided, accident or medical insurance for students enrolled in government schools.

Concussion management

When a student enrolled in a government school is diagnosed with concussion, the principal must be advised in writing as soon as the diagnosis is confirmed. Students may only return to sport and physical activity once a medical clearance has been provided to the school and, if at a school sport event, to the supervising teacher.

Any student that experiences a suspected concussion during a school-endorsed activity, will be removed from the activity and parents/carers will be advised that a medical follow-up is required.

If medical clearance is not provided, the student cannot participate in vigorous or competitive school sport or physical activities for 21 days from the concussion date.

Permission to publish authority

The NSW Department of Education (the department) may publish or disclose information about your child for the purposes of event promotion and sharing results. This information may include your child's name, age and school. It may also include information collected during this event such as photographs, live streaming, sound and visual recordings of your child.

The communications in which you child's information may be published or disclosed include but are not limited to:

- the event program and results
- public websites of the Department of Education including the School Sport Unit website
- the Department of Education intranet (staff only), blogs, and wikis
- Department of Education publications including the school newsletter, annual school magazine and school report, promotional material published in print and electronically
- the Department of Education, School Sport Unit and school social media accounts on networks such as YouTube, Facebook and Twitter
- local and metropolitan newspapers and magazines and other media outlets.

Parents/Carers should be aware that when information is published on public websites and social media channels it can be linked to by third parties and may be discoverable online for a number of years, if not permanently. Search engines may also cache or retain copies of published information.
